RE: Galilee Eden Gardens  
Elderly Housing  
Shreveport, Louisiana

Dear Bill,

In regard to the completion of construction on the project, the FHA's Certificate of Occupancy is dated July 8, 1986 and the City's Certificate of Occupancy is dated July 9, 1986.

In my opinion, the project was 100% complete on July 9th, at which date occupancy took place and the warranties and guarantees began.

Hand Construction did a first-class job and through their efficiency, completed the project three months early.

Sincerely,

Thomas B. Emerson, AIA
