Attention: Mr. M. Cayce Hand, President

Gentlemen:

I would like to commend Hand Construction Company for its outstanding efforts on the Noel Church Sanctuary renovation project. Working with your foreman, Roger Rossett, was a real pleasure. This was likewise true of John McMinnis, during the time he was here, and of your other field personnel as well.

The work of the sub-contractors was well coordinated, allowing us to meet our deadline for reopening. Workmanship was top quality; there were never any short cuts. Perhaps more important, Roger was always available for conferences, where he readily responded to any question, comment, or change we might have. The spirit of cooperation was always there.

Thank you again!

Sincerely,
NOEL MEMORIAL UNITED
METHODIST CHURCH
